

BuildEasy v1.18 - Release Notes

14th November 2023

Enhancement

- **COMM-1214** - Add validation for page name filed.
- **COMM-1464** - Video - Hide Brightcove video control.

Defects

- **DEBEBI-26** - Page head discrepancy when secondary navigation is disabled.
- **DESBE-30** - Post-PTP: Content/Design Bugs. Added site level fix for analytics. Will need EU VPN to validate.
- **DEBEBO-31** - CTA and Download List issue. CTA external links should open in new tabs. CTA spacing and Download list font size fixed.
- **DESMBE-12** - Title and Breadcrumb not aligned in Tablet view. Alignment issue fixed for title and breadcrumb.
- **DESMBE-13** - alignment issue. Alignment issue for image text component list items fixed.

Issues

N/A
